## ***2. The Soul Wines Meeting***

### **What is the *Soul Wines - In Douro Wine Export Business 2016***

The In Douro Wine Business is a professional event, that joins producers from the oldest demarcated wine region - The Douro Region - and Importers from around the globe, that were invited to discover the new wines that are being produced every year. The program was designed to give you, not only the chance of tasting amazing wines in a professional environment, but also through all the meals during your stay. At the same time, we planned a small tour to show you some of the amazing places Douro have, and, of course, we had to give you the opportunity to see the vineyards from the Douro .

### **The Program and the *Speed Meeting* Concept**

Our main goal with this event, is to create the perfect opportunity to business take place. So, the program will start with a «*speed meeting*». This very small **time limited** meetings will take place in the main room of the event, and it's concept is based in the american «*blind dates*». During almost 3 hours you will have the opportunity to introduce yourself to every exhibitor and to take some notes of what companies or wines you should visit first, and those who are more interesting to your target and market. This meetings will last 4 minutes each and will not involve tastings. Before start, we will give you the official tasting book, with all the contacts and information about each exhibitor. You can also use this book to take notes from each company and their wines. Take a look to the photo next page, to see the last year *speed meeting*.

### ***3. Time to taste the Soul Wines***

During Friday and Saturday morning you will have time to taste Soul Wines. In the start of the event, with the book tasting I mentioned before, we will give you what we call «*The In Douro Passport*». Every time you seat in a exhibitor table, please give him the *Passport* so he can sign it. This is just for statistics proposals.

During the meals you will also have the opportunity to taste some wines from the producers. Before each meal, and with each menu on their mind, we ask each exhibitor to give us the wines they want you to taste.

Friday morning, before the event starts, we will show you one of the most impressive places in Douro - S. Leonardo Galafura.

And during Friday night dinner, we will have some music.

The *In Douro Wine Business* will finish saturday after lunch. After, you will sail in a small cruise trip through the Douro River and **after dinner you will lead you to Oporto where next day you will return home.**

**Please follow the program in an exclusive basis!**
